

FRIDAY 14 NOVEMBER 2014

13:30 - 13:50 **Registration**
 13:50 - 14:00 Welcome by the President, Anne Delbaere

Reproductive challenges for patients infected with HIV and HCV

Chairs: *Yannick Manigart, CHU St-Pierre - Chloe Shaw Jackson, CHU St-Pierre*
 14:00 - 14:30 Clinical part
 Jean-Christophe Goffard, ULB-Hôpital Erasme, Brussels
 14:30 - 15:00 Laboratory challenges for infected samples
 Guillaume Mbongolo, ULB-Hôpital Erasme, Brussels
 15:00 - 15:10 Discussion

Time lapse - Joint VVKE - ABEF session

Chairs: *Greet Cauffman, UZ Brussel - Stefanie de Gheselle, UZ Gent*
 15:10 - 15:40 Lessons from time lapse: undisturbed development, embryo evaluation, implantation prediction
 Astrid Stecher, IVF Centers Prof. Zech Bregenz, Austria
 15:40 - 16:10 Results of a multicentric RCT on the implantation prediction of early embryo developmental kinetics
 Marcos Meseguer, Instituto Valenciano de Infertilidad, Valencia, Spain

16:10 - 16:40 **Coffee break**

Sponsored symposium by MSD

16:40 - 17:10 What is new for poor responders?
 Nikolaos Polyzos, UZ Brussel

Individualisation of ovarian stimulation

Chairs: *Diane De Neubourg, UZ Leuven - Annick Delvigne, CHC St.-Vincent*
 17:10 - 17:35 Based on AMH
 Scott Nelson, University of Glasgow, UK
 17:35 - 18:00 Based on AFC
 Frank Broekmans, UMC, Utrecht, The Netherlands

BSRM Honorary member

18:00 - 18:10 BSRM Honorary Member 2014
 Jean-Michel Foidart
 Introduced by Michelle Nisolle, Université de Liège
 18:10 - 18:30 Medical, social and societal consequences of planetary IVF success: towards a brave new world?
 Jean-Michel Foidart
 19:30 **Reception (Palais des Congrès, Ground Floor, Pas Perdus)**
 20:00 **Dinner-party**

SATURDAY 15 November 2014

Free communication session

Chairs: Hilde Van de Velde, UZ Brussel – Beatriz Alvaro, Hôpital Erasme

- 09:00 - 09:15 A Survey of IVF centres towards the use of oocytes affected by Smooth Endoplasmic Reticulum aggregates
Nina Van Beirs, CHU St-Pierre
- 09:15 - 09:30 Methylation and hydroxymethylation reprogramming dynamics in the human preimplantation embryo
Laetitia Petrusa, Vrije Universiteit Brussel
- 09:30 - 09:45 In Vitro Fertilization in HIV infected couples: a case control study
Pauline Vankerckem, CHU St Pierre
- 09:45 - 10:00 Time lapse imaging of embryos obtained after in vitro maturation (IVM) in two different IVM media
Ingrid Segers, UZ Brussel
- 10:00 - 10:15 Outcome of immature oocytes collected during cryopreservation of ovarian tissue for fertility preservation in adult and prepubertal patients
Isabelle Demeestere, Erasme Hospital
- 10:15 - 10:30 Balancing between totipotency and differentiation in the human embryo
Maria Krivega, Vrije Universiteit Brussel

BELRAP 2012

- 10:30 - 10:50 BSRM: BELRAP 2012
Christine Wyns, President of the College of Physicians Reproductive Medicine

10:50 - 11:20 Coffee break

Severe oligoasthenoteratozoospermia

Chairs: Herman Tournaye, UZ Brussel – Anne Van Langendonck, Hôpital Erasme

- 11:20 - 11:40 Testicular sperm: to freeze or not to freeze?
Greta Verheyen, UZ Brussel
- 11:40 - 12:00 When does a clinician have to stop treatment?
Jan Gerris, UZ Gent

BSRM Keynote Lecture

- 12:00 - 12:30 Does brain have a sex? Role of gonadal hormones
Julie Bakker, GIGA, Université de Liège

12:30 BSRM Award
