

## **Reproductive doctor (m/v/d) for our fertility centre in Düsseldorf (D) and our practice in Venlo**

### **Who we are**

VivaNeo is part of the group "The Fertility Partnership". With 19 IVF clinics, more than 100 physicians in 6 European countries, we are the largest group of fertility centers in Northern Europe. Our goal is excellence in all areas. In addition to optimal medical care for our patients and an empathetic patient service, we focus on effective internal processes, close cooperation with regional gynaecological referral structures and the further qualification of our staff. By setting up a transnational quality and knowledge platform, we set international standards in reproductive medicine that are "state of the art" in the field of process design, technological innovations and treatment pathways. The Fertility Partnership Group is market leader in Central and Northern Europe.

For our fertility centers in Düsseldorf we are looking for a **specialist in gynecology / gynaecology and obstetrics**, with a focus on gynecological endocrinology and **reproductive medicine (m/v/d)**.

For our fertility centres in Düsseldorf and our IVF practice in Venlo we are looking for a **specialist in Gynaecology / Gynecology and Obstetrics**, with a focus on Gynaecological Endocrinology and **Reproductive Medicine (m/v/d)**.

### **The tasks**

- Independent advice and care for patients
- Application of all common procedures in reproductive medicine
- Responsible cooperation in our fertility centre

### **your input**

- Experience in gynaecology and reproductive medicine and in patient management
- team effort
- Continuous readiness for further medical education and training inside and outside the practice
- Very good written and spoken Dutch and German proficiency

### **Our offer**

- An unrestricted contract of employment and attractive and performance-related remuneration
- A modern team-oriented work environment in a forward-looking company with flat hierarchies and short decision-making processes in a fast-growing market

environment

- An open exchange of concerns and ideas
- State-of-the-art laboratories, quality control processes and a broad, comprehensive range of services for our patients
- With our own laboratory in Düsseldorf and our own anaesthesiology department, we can offer and invoice the complete range of services and guarantee a consistently high level of quality.

Your new workplace in Düsseldorf offers a **good infrastructure and is easily accessible by public transport.**
